take the cards from the pack and put them on the coffee table in front of you," Obadiah directed. Olive complexion, no less smooth than the skin of a calamata. Eyes as lustrous as pools shimmering with a reflection of eternity and stars. The ghost cop was forty feet behind him, beyond ranks of other pedestrians, every one of whom might as well have been faceless now, smooth and featureless from brow to chin, because suddenly Junior could see no countenance other than that of the walking dead man. The haunting visage bobbed up and down as the grim spirit strode along, vanishing and reappearing and then vanishing again among all the bobbing and swaying heads of the intervening multitudes. He snatched the woman's car keys off the pavement, slid behind the wheel of the Pontiac, and drove off to find a pharmacy, the only stop that he intended to make until he reached Spruce Hills. At the stream Serrenen, where it runs within the north wall of the city, the midwife gave Otter his true name, by which he is remembered in islands far from Havnor. "There's nothing here for you," she said, stepping back from the door in order to close it. Admittedly, she had allowed herself to be disturbed by the fall of the cards, too. According them any credibility at all opened the door to full belief. Heart racing, but reminding himself that strength and wisdom arose from a calm mind, Junior stood in the center of the small kitchen, slowly turning to study every angle of the room. In a rocking chair, holding her tiny son in her arms, Agnes cried quietly. Often, Barty slept through her weeping. Awakened, he smiled or squinched his face into a puzzled frown. Ministering to Perri, Joshua had pulled back her blankets. The fabric of the pale yellow pajama pants couldn't disguise how terribly withered her legs were: two sticks. Maria Gonzalez brought rice casseroles, homemade tamales, and chile rellenos. Daily, Jacob made cookies and brownies, always a new variety, and in such volume that Maria's plates were heaped with baked goods each time they were returned to her. "WOULD YOU LIKE TO BE MY BOYFRIEND?" asked Miss Velveeta, who had thus far shown no romantic inclinations. "She. Was eating. Dried apricots." Junior spoke almost in a whisper yet the ridge was so quiet that he had no doubt each of these uniformed but unofficial jurors heard him clearly. "Walking. Around the deck. Paused. The view. She. She. She leaned. Gone." NOLLY FELT A little silly, walking the mean streets of North Beach under a white umbrella with red polka dots. It kept him dry, however, and with Nolly, practical considerations always triumphed over matters of image and style. 64 just a little bit ago," the girl said. "I was sitting on the porch, having a Popsicle, and I just figured it out." He intended to mash the sole of Victoria's right shoe in the pat of butter and leave a long smear on the floor, as though she slipped on it and fell toward the ovens. Junior wasn't interested in Vietnam anymore, and he wasn't in the least troubled by the other news. These two years were disturbing to him only because of Thomas Vanadium. Handing Angel to Grace, Lipscomb said, "I own some investment properties. There's a two-bedroom unit available in one of them." Instinctively, he knew he should not give massages to Negroes. He sensed that somehow he would be physically or morally polluted by this contact. Avoiding the graveled driveway, on which he was more likely to scuff his freshly polished loafers, he approached the house across the lawn, beneath the moon-sifting branches of a great pine that made itself useless for Christmas by spreading as majestically as an oak. The wedding reception-big, noisy, and joyous-spread across the three properties without fences. His mother's name was so often mentioned, her presence so strongly felt in all the lives that she had touched, that sometimes it seemed that she was actually there with them. Agnes supposed Jacob trembled in anticipation of the crash of an airliner or at least a light aircraft. Edom might be calculating the odds that this serene place-at this specific hour-would be the impact point for one of those planet-killing asteroids that reputedly wiped most life off the earth every few hundred thousand years or so. "The princess is correct," he acknowledged, revealing that this hand was still empty. Then he reached to the girl and plucked the quarter from her ear. In July, she went for a walk on the shore with Paul Damascus, expecting to do a little beachcombing, to watch the comical scurrying crabs. Somewhere between the seashells and the crustaceans, however, he asked her if she could ever love him. Saturday morning, he walked to a drugstore in town and purchased eight decks of cards. With four, he passed the day re-creating, again and again, what he'd done at the dining-room table the previous evening. The four knaves never appeared. Even Rudy, as huge as Big Foot and as amoral as a skink, was afraid of this woman. He had learned many things about himself on this momentous day--that he was more spontaneous than he had ever before realized, that he was willing to make grievous short-term sacrifices for long-term gain, that he was bold and daring-but perhaps the most important lesson was that he was a more sensitive person than he'd previously perceived himself to be and that this sensitivity, while admirable, was liable to undo him unexpectedly and at inconvenient times. And although Simon would have denied it, would even have joked that a conscience was a liability for an attorney, he possessed a moral compass. When he traveled too far along the wrong trail, that magnetized needle in his soul led him back from the land of the lost. He placed a hand on her shoulder. "Don't beat up on yourself She's come this far. And though I don't know the hospital in Oregon, I doubt the level of care would equal what she'll receive here." In his room, he settled on the bed with his constipating snacks and the county telephone book. Because he had packed the directory with the Zedd collection, the thief hadn't gotten it. Her metal hands were still crossed defensively over her breasts. The artist had welded large hexagonal nuts to her rake-tine fingers to suggest knuckles, and balanced on one nut was a fourth quarter. She worried that he would need to go to the bathroom during the night and that, half asleep, he might turn the wrong way, toward the stairs, and fall. Three times they paced off the route from the doorway of his room to the hall bath. She would have walked it a hundred times and still not been satisfied, but Barty said, "Okay, I've got it." What if the stubborn, selfish, greedy, grubbing, vicious, psychotic, evil spirit of Thomas Vanadium, which had earlier pursued Junior through another alleyway in broad daylight, had followed him into this one in the more ghost-friendly hours of the night, and what if that spirit were standing just outside the Dumpster right now, and what if it closed the bifurcated lid and slipped a bolt through the latch rings, and what if Junior were trapped here with the thoroughly strangled corpse of Neddy Gnathic, and what if the flashlight failed when he tried to switch it on again, and then what if in the pitch-blackness he heard Neddy say, "Does anyone have a special request?". You scrawl names on the walls with your own blood, play Psycho with a Sheetrock stand-in for Janet Leigh-and then fly off to Reno for a weekend of blackjack, stage shows, and all-you-can-eat buffets. Not likely. "At the back of the second gallery, on the left, there's a corridor. The rest rooms are at the end of it, beyond the offices." Taking her mother's advice to heart, Celestina sighed. "All right. Let's just pray they catch him. But if they don't ... two weeks, and then the rest of the plan, the way you said, Tom. Except that I can't tolerate two weeks-in a hotel, cooped up, afraid to go into the streets, no sun, no fresh air." On the other hand, one needed to believe in something. Junior didn't clutter his mind with superstitious nonsense or allow himself to be constrained by the views of bourgeois society or by its smug concepts of right and wrong, good and evil. From Zedd, he'd learned that he was the sole master of his universe. Self-realization through self-esteem was his doctrine; total freedom and guiltless pleasure were the rewards of faithful adherence to his principles. What he believed in-the only thing he believed in-was Junior Cain, and

in this he was a fiercely passionate believer, devout unto himself Consequently, as Caesar Zedd explained, when any man was clearheaded enough to cast off all the false. He liked her face, too. She wore no makeup, and pulled her brown hair back in a bun. Some might say she was mousy, but the only things mousy that Nolly saw about her were a piquant tilt to her nose and a certain cuteness. Friday, January 14, eight days after Joey's death, Agnes closed the sofa bed, intending to sleep upstairs from now on. And for the first time, since coming home, she cooked dinner without resort to friends'. Soundlessly, reluctantly, Agnes pulled the bedroom door nearly shut, and went down to the kitchen, where she sat alone, drinking coffee and nibbling at mysteries. Of all the gifts that Barty opened on Christmas morning, the hardback copy of Robert Heinlein's The Star Beast was his favorite. Instantly enchanted by the promise of an amusing alien creature, space travel, an exotic future, and lots of adventure, he seized every opportunity throughout the busy day to crack open those pages and to step out of Bright Beach into stranger places.. surreptitiously with Junior. He was accustomed to being an object of desire. This night, however, the only lady he cared about was San Francisco herself, and he wanted to be alone with her.. Although a believer, Agnes was not at the moment able to spread the flowers and ferns of faith over the hard, ugly reality of death. Cowled and skeletal, Death was here, all right, scattering his seeds among all her gathered friends, one day to reap them.. Perri was often fast asleep by nine-thirty, seldom later than ten o'clock while Paul never turned in earlier than midnight or one in the morning. In the later hours, to the reassuring susurrations of his wife's breathing, he returned to his pulp adventures.. Even though he now knew what a hateful person the nurse was, he remained strongly attracted to her. He was not the kind of man, however, who would take advantage of an unconscious woman.. "It's just ... the last time I saw him, he trapped me in a corner and told this god awful story, far more than I wanted to know, about some British murderer back in the forties, this monstrous man who beat people to death with a hammer, drank their blood, then disposed of their bodies in a vat of acid in his workroom." He shuddered.. Beyond the windows, the winter night sifted sootily down through the twinkling city, as he sat in his living room with a glass of Dry Sack in one hand and the picture of Celestina White in the other.. By the time he went to bed Saturday night, the cards that had been only that morning were showing signs of wear.. As the last of the flan was served and Maria's girls took their seats once more, Barty blinked at the candles and said, "Gone now," even though the tiny spectrums still shimmered in the cut crystal. He turned his full attention to the flan with such enthusiasm that his mother soon stopped puzzling over rainbows.. Agnes could almost visualize the three-dimensional geometric model that her little prodigy had created in his mind, which he now relied upon to reach the upper floor without a serious stumble. Pride, wonder, and sorrow pulled her heart in different directions.. "Guilt," said the detective. "If he killed her, wouldn't an overwhelming sense of guilt be as likely as anguish to cause acute nervous emesis?". Junior needed something in his life, a missing element without which he could never be complete, something more than a heart mate, more than German or French, or karate, and for as long as he could remember, he'd been searching for this mysterious substance, this enigmatic object, this skill, this thingumajigger, this dowhacky, this flumadiddle, this force or person, this insight, but the problem was that he didn't know what he was searching for, and so often when he seemed to have found it, he hadn't found it after all, therefore he worried that if ever he did find it, then he might throw it away, because he would not realize that it was, in fact, the very jigger or gigamaree that he'd been in search of since childhood.. HAVING COMPLETED HER English lesson, Maria Elena Gonzalez went home with a plastic shopping bag full of precisely damaged clothes and a smaller, paper bag containing cherry muffins for her two girls.. Unerringly, in the darkness, he found her face with both hands. Smoothed her brow. Traced her eyes with fingertips. Her nose, her lips. Her cheeks.. Another pocket. More cartridges. Trying to squeeze just two into the magazine, but his hands shaking and slippery with sweat.. Koko changed directions with a fantastic pivot turn and bounded after the girl.. Eventually, Junior remembered the quarter. He reached into the right pocket of the thin cotton bathrobe, but the coin wasn't there, as it should have been. The left pocket also was empty.. No longer able to judge the boy's degree of sleepiness by his eyes, she relied on him to tell her when to stop reading. At his request, she closed the book after forty-seven pages, at the end of Chapter 2.. The possibility that he'd left a clear fingerprint on the watch crystal had to be judged remote. And the band had been too textured to take a print useful to the police.. Always, he was good with Barty, and on this occasion, he teased more than the usual number of smiles and giggles from the boy as he tried to get him to read the Snellen chart on the wall. Then he lowered the lights in the examination room to study his eyes with an ophthalmometer and an ophthalmoscope.. "Now this. But even if your dad had cooperated with me, nothing would have changed. Since Phimie never revealed his name, I wouldn't have been able to go after Cain any differently or more effectively..". Gore made him sick. He refused to attend movies that dwelt on the consequences of violence, and he had even less of a stomach for blood in real life.
